# FOREWORD

"Chisel in hand stood a sculptor boy
With his marble block before him,
And his eyes lit up with a smile of joy,
As an angel-dream passed o'er him.

He carved the dream on that shapeless stone,
With many a sharp incision . . .
-Its heavenly beauty shall be our own,
Our li ves, that angel-vision.

George Washington Doane

As you behold the 1966 EL LANCERO, permit your imagination to take over your sense of reality. Choose any period in history that is outstanding as a cultural epoch and we have set our stage for the play that is about to begin. Although we find much to see and do, our attention is focused on a small shop at the far end of town. Inside we find a sculptor deep in meditation. It is here, in this very shop, that we find the basis for this year's annual theme, SCULPTURE IN THE MAKING. To become a live character in our drama we must assume the role of the sculptor and prepare for the task that is before us. Even as he stood, chisel in hand ready to carve his dream from that shapeless marble, so must we stand. For as we carve into that cold stone, we are in reality shaping our future. The tools we are working with are not hammer and chisel, however, but knowledge and vision . . . May the future you carve be a fulfilling one.

The principal of Norwalk High School is MR. ORVAL RODGERS. In his ten years at Norwalk High, Mr. Rodgers has gained the respect, the admiration and the affection of all who have worked with him.

A principal's position today is a difficult one since he is the focal point of all school activities. He must satisfy the majority of students, of faculty, of district administrators and of the community; and when any of them are dissatisfied, he is the one to whom they turn. Mr. Rodgers has been more than successful because he has kept each group more than satisfied; he has kept them happy and progressing toward desirable educational goals. Thank you, Mr. Rodgers.

Coleen,
To a real
nice girl. Best
of Luck in
the future.

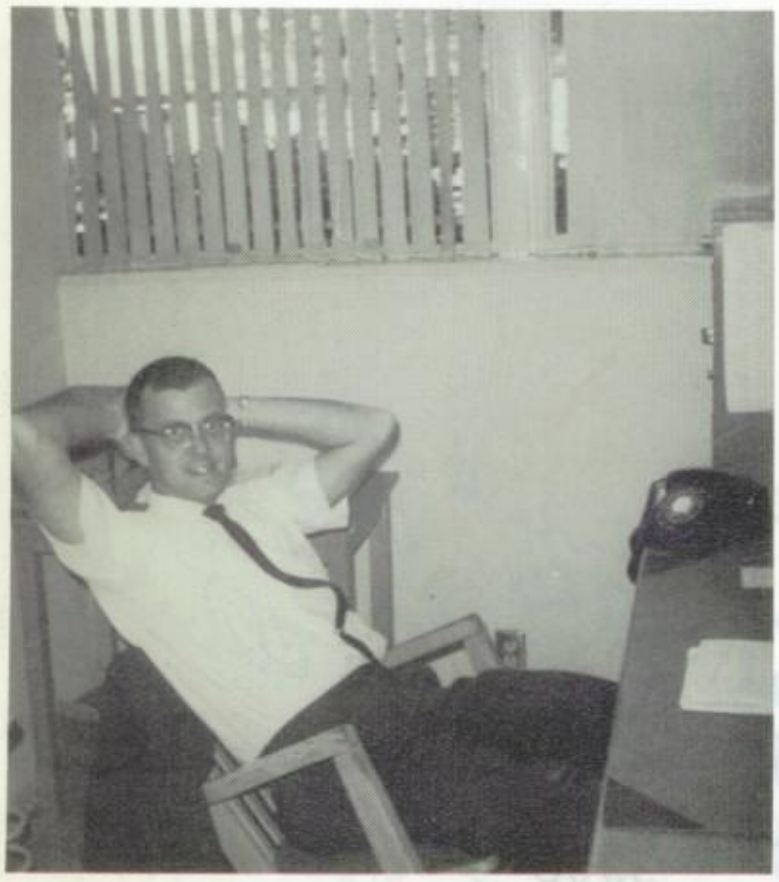
MR. ORVAL RODGERS



MR. ART TURMAN

MR. ART TURMAN has long been a favorite with Norwalk students. He has taught and counseled here for ten years and during this time his extra concern and extra willingness to work for students has been appreciated by them. He will always have a special place in the hearts of students with whom he has worked. Thank you, Mr. Turman.

MISS CAROL SPANKS is a girls' Physical education instructor and is also head of the Girls' Physical Education Department. She has always rated high with girls at Norwalk and has been a good example for them to follow. She is a special person to many students. Thank you, Miss Spanks.

To the Norwalk High School faculty and administration, we would like to express our thanks and appreciation for the years of quality teaching they have given to Norwalk High students.

To be a success, a school must have a good faculty and administration. The quality of these groups determines the quality of the school. The members of these groups must be enthusiastic, dedicated, and concerned about teaching. They must enjoy and believe in students.

At Norwalk we believe we have a good faculty and administration. And from this group the student body by popular vote has chosen six individuals as being outstanding in enthusiasm, dedication, and concern. We realize that there are many more who spend their time and energy doing what they think should be done; however, we would like to recognize these six in particular. Thank you for the extra effort that has made the difference in the lives of many students. We dedicate this, the 1966 EL LANCERO, to the quality faculty and administration of Norwalk High School.

MR. JOHN HERGESHEIMER

MR. JOHN HERGESHEIMER is a quality teacher. He works hard both in and out of class to accomplish the goal of good teaching. He has given extra time and effort to teaching history and to helping students. He wrote our school alma mater. For this and more, thank you, Mr. Hergesheimer.

MR. LEON ESTES

MR. LEON ESTES is head football coach at Norwalk. He has encouraged and developed good citizenship in many of our boys. We are looking forward to many years and many victories with Coach Estes. Thank you, Coach.

MRS. JEANNE ANDERSEN has been with us for only three years and in this time, she has gained the affection and respect of many students. She has shown enthusiasm by participation in many school activities. She has given more than her share. Thank you, Mrs. Andersen.

MRS. JEANNE ANDERSEN

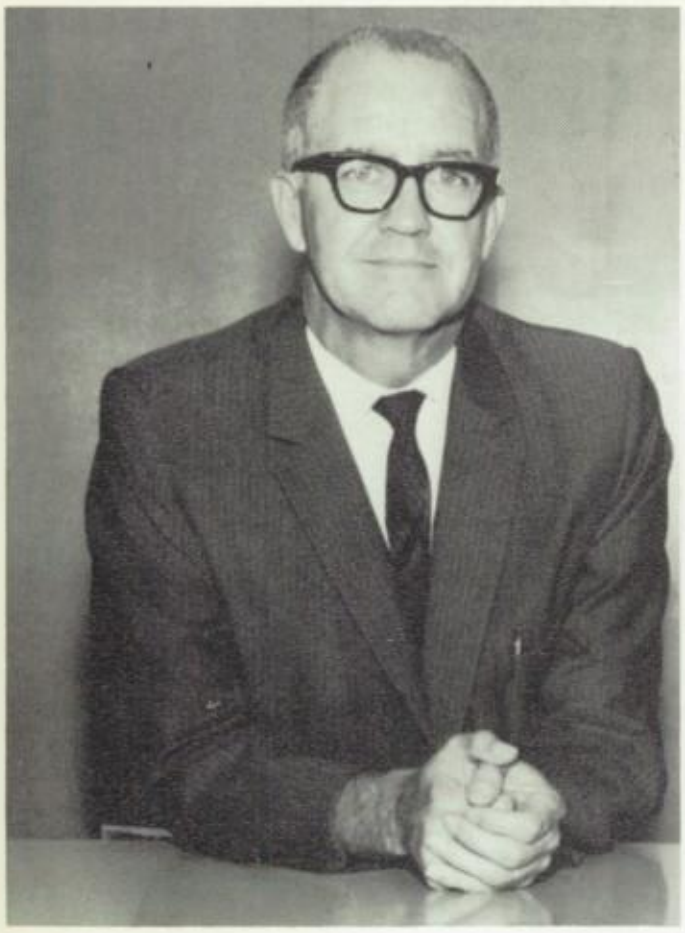
# principal



An every morning thing . . .

MR. ORVAL RODGERS has been principal of Norwalk High School for the nine years of its existence.

In these nine years the student body has tripled and the staff has quadrupled. In spite of this rapid growth NHS has maintained the strength a school must have and the friendliness a school needs. These qualities are a direct outgrowth of the personal characteristics of Mr. Rodgers.

Because he is strong, we can rely on him to uphold what is right. Because he is warm, we can approach him easily. Because he is also a leader, a fair man and a wise one, he has become a most respected principal and a favorite person.

MR. ORVAL RODGERS

Looks like all twenty-three hundred are here today.

Mr. Rodgers presents the long awaited sportsmanship trophy to Diane Bracken.

Mr. Rodgers and Mr. Kimball keep an eye on things.

**ASSISTANT PRINCIPAL**
**MR. LAURANCE McKENNA**

As Assistant Principal MR. MCKENNA is responsible for the curriculum of the school. He must make sure that there are enough of the right kind of classes. He helps the departments establish what they will teach and how. He orders the materials and equipment for teacher's use in the classroom. He also represents our school at district and inter-district meetings. His job is a big one; it requires an interested and capable man; and this we have in Mr. McKenna.

**MRS. LA DOYNE CRAIG**
**Girls' Vice-Principal**

MR. KIMBALL and MRS. CRAIG work directly with boys and girls. They carry out school policies of discipline. They supervise all school activities. They work with parents and with outside agencies for the welfare of the student. It is a difficult job. It is also rewarding. Mrs. Craig works with Girls' League. Mr. Kimball works with Tribunes. Both MR. KIMBALL and MRS. CRAIG have proved themselves able to work with both the individual student and for the entire student body.

**MR. GEORGE KIMBALL**
**Boys' Vice-Principal**

# counselors

Counselors work with and for the student. The attendance counselor encourages regular attendance of all students; he keeps in contact with the home. Each grade level counselor works with approximately five hundred students in his class. He attempts to program them into courses which will benefit them most. He works with parents and teachers in encouraging students to work to potential. He uses tests, grades and individual counseling to discover this potential. The counseling office can be very helpful to both students and all who would guide students toward self-realization.

As we look back on this past year some of us see, with tears and regret, our last days at Norwalk High School.

For those who look back as graduating seniors, what have you as a sculptor, with chisel in hand, done to shape your four years into a wonderful and lasting memory?

As I look back I see fading footsteps wandering through senior square; I hear the cheers of sport events; the applause at special rallies and assemblies; and the wonder at those who performed on the stage. And yet, this only begins the memories of my high school days. This list could go on endlessly and somewhere in my heart lies the word to describe these most cherished memories.

I'm sure that on that first September, we all looked with awe and fright at this "big" campus and the "thousands" of new faces. As each year slowly passed we could not wait until the next came and passed; then—at last we were seniors. But as the months sped by we began to fear what lay ahead and we looked back with regret at those fleeting moments we had wished would pass. What will we do after that diploma is placed in our hands? Many of us will go to college; many will begin their profession; and many will marry. But whatever we do, our memories will last forever. And now, that word for which I was searching seems to speak for itself—ACCOMPLISHMENT.
